# THE FUTURE OF VOTING

Starting in 2018, all registered voters in participating counties will receive their ballot in the mail a few weeks before the election. Most neighborhood polling places will no longer be used for voting. Instead, you will have **3 choices** for how to vote.
VOTE-BY-MAIL

You can mail your ballot as soon as you receive it.

BALLOT DROPBOX

You can drop off your ballot at any secure Ballot Dropbox as soon as you receive it. No postage is required at Ballot Dropboxes.

VOTE CENTER

You can vote in person by visiting any Vote Center in your county. All Vote Centers will be open for at least 4 days: from Saturday, June 2 through Tuesday, June 5. Some Vote Centers will be open for 11 days starting Saturday, May 26. At every Vote Center you can:
- Vote in person.
- Register and vote the same day, all the way up through Election Day.
- Drop off your completed ballot.
- Vote with an accessible voting machine.
- Get help and voting materials in multiple languages.

WHY THE CHANGE?

The Voter's Choice Act is designed to make voting more convenient and accessible.
- **You choose HOW you vote:** Whether using the mail, a Ballot Dropbox or a Vote Center, you choose the method that works best for you. Voters with disabilities may use their own accessible technology to mark their ballot at home.
- **You choose WHEN you vote:** Instead of just one day to vote, you can vote in person for up to 11 days -- even on the weekends.
- **You choose WHERE you vote:** You can vote at home or at *any* Vote Center in your county.
- **You get the SUPPORT you need:** Vote Center staff will be there to help you have a great voting experience, including providing assistance in multiple languages and helping voters with disabilities.
