Dear Ms. Nemeth:

The League of Women Voters of California (LWVC) was invited to receive a presentation about the Bay Delta Conservation Plan (BDCP). We arranged for the presentation to be made to our Water Committee, which heard the presentation via the League's Go-to-Meeting process on October 1, 2013. We thank you for an excellent presentation, albeit a bit belatedly.

At the time, you offered to answer any questions we might have. We have compiled a list of questions you will find below and attached.

Both because we know that documents sent to public agencies are public documents and because we strongly believe that our government should be open, accountable and responsive, we also are publishing this list of questions on our Website. We hope that this will help more Californians to become engaged in the process and make informed comments on the BDCP.

The LWVC is both an educational and an advocacy organization. Accordingly, our advocacy team is at work on our comments for the BDCP. We welcome the answers to our questions as you prepare them; there is no need to wait to compile all of the answers before you send them to us.

Again, thank you for your presentation to our group and we will look forward to your answers to our many questions.

Sincerely,

A handwritten signature in blue ink that reads "Helen L. Hutchison".
